This disposition schedule reflects a three-year agreement signed by the Forest Service and the National Agricultural Library (NAL) outlining changes in responsibility for the management and maintenance of the Permanent Image Collection (PIC).

The Forest Service will send photographs and documentary data of archival value to NAL. NAL will manage and maintain the Permanent Image Collection and transfer the negatives to the Still Photo section of the National Archives and Records Administration. The photos remain the property of the Forest Service until they are transferred to NARA.

NAL will also support and maintain the machine-readable database. Presently, the database is located at Fort Collins Computer Center (FCCC).

A copy of the three-year agreement is attached.
